PEMNETIKO (1983)

The story of a great rebetiko singer, born in 1919 in Smyrna, and ends in 1956 in Athens. Wanderings, love, professional successes and personal disasters of the heroine, but also a special look at the facts which played an important role in history of Greece in the first half of the 20th century, accompanied by music and the songs of Stavros Xarchakos. The representation of the era, the recall of the lost morality of the old-time musicians, and all the elements of a popular musical drama, complete this epic masterpiece who wrote history.

Mezze and refreshments will be served
